General Information
American Airlines offers flexibility for Minor and Major name corrections for wholly unused (001) validated tickets.

Minor name corrections apply to itineraries that consist of American prime and American Eagle flights only and may be corrected in the same PNR. Itineraries ticketed in “R” inventory must follow Major Name Correction Guidelines.

Major name corrections apply to itineraries ticketed in “R” inventory, codeshare flight segments on our AA*/oneworld® codeshares or non-oneworld carriers, and require a new PNR as a name correction cannot be made within the same PNR due to GDS limitations.

Minor Name Correction Guidelines – Itineraries are wholly American/American Eagle
Minor name corrections may be made in the same PNR for wholly American Prime/American Eagle flights on (001) validated tickets. The original date of birth (DOB) and gender (M_F) information from the initial Secure Flight Passenger Data (SFPD) input must not be altered.

Note: Itineraries ticketed in “R” inventory must follow Major Name Correction Guidelines

- Ticket Reissue required. This is the only required verbiage and supersedes all other information.

**Note:** If you include the original fare ticket endorsement NC03AGCY should appear at the start of the endorsement/restrictions text on the replacement ticket.

Major Name Correction Guidelines - Itineraries include AA* oneworld or non-oneworld carriers

Major name corrections require a new PNR when itineraries include “R” inventory, AA*/oneworld® codeshares or non-oneworld carriers on (001) validated tickets. The original date of birth (DOB) and gender (M_F) information from the initial Secure Flight Passenger Data (SFPD) input must not be altered.

Infant Name Correction Guidelines
Travel agents may make name corrections to an infant name field even if the ticketed itinerary contains other airline/codeshare segments. Infant names are not sent to the other airline/codeshare; only a 3SSR message is generated to the other airline indicating an infant will be traveling so there is no risk of cancelling other airline/codeshare space.

Name:  
Lap - Correct the name in the same PNR with the adult for domestic or international itineraries  
With Seat – Correct the name in a new PNR along with the adult associated with the infant.

SSR DOCS SFPD:  
Enter SSR DOCS SFPD  
- SFPD DOB/Gender must be associated to the adult (FI_MI)  
OA GDS Subscribers should contact their respective OA GDS representatives for correct formats

Endorsement Box and Waiver Code Requirement:  
No waiver code required  
Original automated endorsement should be on the new ticket

TICKETING:  
If an infant ticket was originally issued:  
Reissue the original ticket for a new ticket with the original ticketed fare  
- No changes to original ticketed itinerary allowed  
- No additional monies or fees apply

Frequently Asked Questions

1. **How should the passenger name appear in the Passenger Name Field of the reservation and on the ticket?**  
The customer’s name that appears in the Name Field of the PNR, ticket and boarding pass, only requires the Last Name and First Name as it appears on the government ID that the passenger will use while traveling.

   If the customer has TSA Pre✓®, Global Entry, NEXIUS, or SENTRI card the name submitted on their airline reservation must be an exact match to the name they provided on their application. If they use a frequent flyer account or online travel profile, ensure that the name is properly saved.

2. **What if the customer's identification contains a middle name?**  
The middle name would then be included in the Secure Flight Passenger Data (SFPD/DOCS) of the PNR.

3. **What is the difference between a Name Correction and a Name Change?**  
A name correction allows the agency to correct the name to match the TSA government required document(s) for miss-spelling, married/maiden/divorce names, legal names, secondary last
name, inverted names, etc., and the SFPD DOB/Gender does not change from the original input for ticketing.

A name change from one person to another person is not permitted.

4. **Why is “R” inventory on AA Prime flights required to follow Major Name Correction guidelines?**

   “R” inventory does not allow Name Corrections. When a Name Correction is performed, Sabre programming will cancel the entire reservation, therefore a new PNR must be created.

Please contact American Airlines Sales Support for assistance with any questions regarding this updated name correction policy.
